Passport Parking app now available for use with City of Newark digital kiosks

Newark, DE - The City of Newark is excited to announce the availability of the Passport Parking app for use with the any operational digital kiosk stations located in and around downtown Newark municipal lots.

For use on smartphones, the Passport Parking app offers residents and visitors state-of-the-art options to park, pay, and enjoy their visit, including the ability to create a parking account with their vehicle information and a prepaid parking wallet if they park in Newark regularly. App users will also be able to receive a text notification from the app reminding them when their parking session is approaching expiration.

Smartphone users can download the app from either their iOS or Android app stores. Patrons who use the app to park are eligible to receive **a dollar off their first parking session** (coupon code required.)

The City of Newark is also announcing the limited availability of hourly parking in Lot 2, located at 58 East Main Street behind Honeygrow and Qdoba. Lot 2 remains permit-only on Monday through Friday, from 8AM to 5PM, but will be open to hourly parking during evenings and all day on weekends.

Residents and visitors can learn more about the Passport Parking app and the City of Newark's new digital kiosk stations at **Community Day**, the area's premier annual fall festival, on **Sunday, September 15 from 11AM to 4PM on The Green**. Newark Parking officials will be on-hand to demonstrate how to download and operate the app and to answer questions about the new kiosk parking systems.

The modernized, eco-friendly kiosks, which accept multiple forms of payment in addition to the Passport Parking app, will continue to replace on and off-street parking systems through Summer 2020.

To learn more about the Passport Parking app, visit passportparking.com. Questions can also be directed to the City of Newark Parking Division at 302-366-7000.
